💻 [My Portfolio](#)

Summary

Dedicated and determined aspiring Full-Stack-Developer with a specialization in MERN Stack. Seeking challenging opportunities to make the best use of my abilities and knowledge to develop both my professional and interpersonal skills, along with fulfilling the organization's growth and goals.

Experience

Software Development Intern

All Things Good , Gurgaon, Virtual

March 2022 - May 2022

All Things Good is a company that provides the facility to create a store for Youtuber and influencers. Here I have interned as a web scraper to scraping a product data (price, image url, title, brand etc.) across the internet using Node.js and Puppeteer. I also worked on building the frontend of their web app using React.js and Redux.
